ISLAND VIEW LODGE & CABINS *On Rainy Lake*

*Located near the end of the road -
where the wilderness begins!*

www.gotorainylake.com

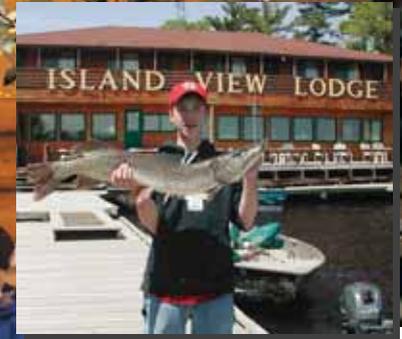

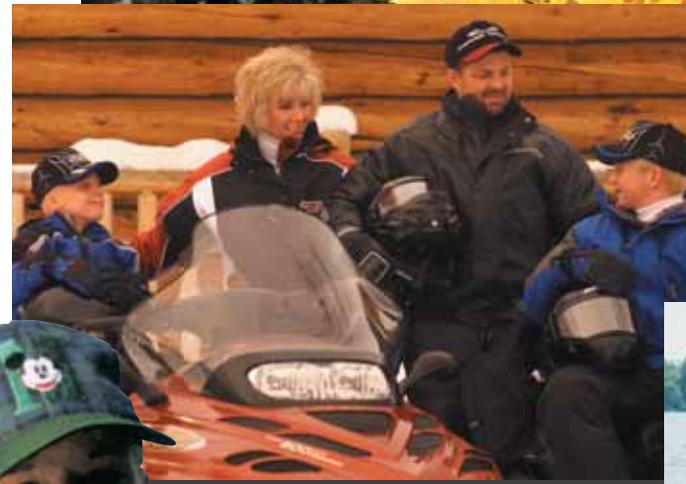

Our lodge overlooks beautiful Rainy Lake—1,600 miles of rugged, rocky shoreline, 1,500 pine-covered islands, the Canadian border and Voyageurs National Park. This unspoiled wilderness is much the same as when it was traveled by the early fur traders for which Voyageurs National Park is named.

Our comfortable cabins are located near the water and are surrounded by towering pines. Rent by the day or by the week and choose from lodge units, log cabins, sundeck cabins or a lake home. The restaurant, lodge and lounge are built over the water and offer a relaxing view of the lake. Continue to relax and have fun by enjoying our water trampoline, hot tub and sauna.

Island View Lodge features fabulous fishing! Rainy Lake is home to some of the best walleye, northern, smallmouth bass and crappie fishing found anywhere in the world.

What a great place for a family vacation, fishing trip or corporate getaway! Most of our guests are visitors who return season after season, never tiring of the beauty of Rainy Lake... its pine-clad islands, deep bays, sunlit waters and warm hospitality at Island View Lodge.

Eat, fish and relax at our friendly resort, where your comfort is our business. You, too, can make this your favorite vacation spot, any time of the year!

SPRING and **SUMMER**

always offer great fishing for walleyes, crappies or northerns as well as fun and recreation for everyone. Voyageurs National Park offers many naturalist-guided activities. Take a ride on a tour boat, swim on our sand beach, water-ski, use our paddleboats, canoe, hike, explore, golf, pick berries...or just relax! International Falls offers shopping and sightseeing within 12 miles of the resort.

AUTUMN is a romantic time as the forests present their show of colors. Hunting season begins and the fishing action becomes very exciting.

In the **WINTER**, fishermen can angle through the ice. Snowmobilers and cross-country ski enthusiasts can explore the many miles of scenic, groomed wilderness trails in the area.

ISLAND VIEW LODGE & CABINS

On Rainy Lake

Island View Lodge overlooks the western boundary of **Voyageurs National Park**, the only water-dominated park in the national park system. Within its boundaries more than 30 lakes fill glacier-carved rock basins and hundreds of rocky islands and a myriad of coves and bays are scattered throughout. And, as part of the Canadian Shield, it represents some of the oldest exposed rock formations in the world. Voyageurs is a land rich in human history. The French-Canadian canoemen traveled these waters in their birch-bark canoes. It is these waters and the accompanying scenery, geology and rich cultural and natural resources that give Voyageurs its national significance.

Pine "Over the Water"

Island View's restaurant has developed a reputation for excellent food and service. Enjoy traditional or featured specialty entrees. Your favorite wines, cocktails and beers are available in the dining room, lounge and "over the water" sundeck. As you dine or relax in the lounge, you will

have a spectacular view overlooking the lake through large picture windows. Those who would rather enjoy all of this with the warmth of the sun, make yourselves comfortable on the sundeck.

For the convenience of our guests, we offer off-sale liquor sales as well.

Rainy Lake...Fishing Paradise!

Some of the best walleye fishing in the country can be found here. Smallmouth bass fishing is excellent and Rainy Lake is famous for its slab crappies. And there's always the chance of tying into a monster northern or muskie. Fishing is sometimes great right off our dock! Pro guides are available to show you where the best fishing is and can prepare a delicious shorelunch of freshly caught fish. Ask about our Deluxe Fishing Plan.

Quality boats and motors are available for rent, along with gas, bait, and dock service.
